

PROVIDENCE HOUSE

Domestic Violence Services of Burlington County

Providence House Domestic Violence Services seeks to end the cycle of domestic abuse through education, empowerment, and advocacy while providing a safe haven from abuse. In accordance with our mission, we provide comprehensive services to educate and empower victims of domestic abuse and their children to make the life-altering changes that lead to violence-free lives.

Established in Burlington County in 1978, Providence House seeks to remove the barriers that prevent a victim of domestic violence from living an abuse-free life. These barriers are often created by the lack of knowledge about domestic violence, unstable financial and housing resources, the fear for one's safety, social isolation or low self-esteem.

Through our services, Providence House empowers victims to break down the barriers and to make life-altering changes. Separation from abusive individuals, a change in living arrangements, filing of restraining orders, drawing boundaries, or becoming aware of the options are all ways in which Providence House assists victims on a daily basis.

These services are **FREE OF CHARGE** and are invaluable to victims and their children who are struggling to break free from the abuse in their homes. We offer a multitude of services to victims and their children as well as to the community.

Providence House
envisions peace
and non-violence
in all homes.

OUR FREE AND CONFIDENTIAL SERVICES INCLUDE:

24-Hour Domestic Violence Hotline — For victims and their children in need of crisis counseling and/or a safe haven from abuse, as well as information, appointments and referrals.

Emergency Safe House — Confidentially located emergency Safe House that enables victims and their children to escape danger and to begin the healing process.

Individual Counseling — By appointment, offers intensive individual counseling including support, options, education and therapeutic intervention.

Domestic Abuse Support Groups — Provides multi-week educational sessions on the dynamics of abuse, including healthy relationships and boundaries.

Project Self-Sufficiency — Helps victims to acquire and maintain permanent violence-free housing and provides education and training job readiness and community resources.

Children's Counseling — Uses various forms of art and play to help children express their feelings and heal from the abuse in their homes (*available at Safe House only*).

Legal Advocacy Program — Offers court accompaniment and support to victims, as well as advocacy and referrals.

Project OUTREACH — Assists African-American female victims of domestic abuse with a series of educational courses on the dynamics and impact of domestic violence and the benefits of group and individual counseling.

PALS (Peace: A Learned Solution) — Helps children ages 3-12 who have been exposed to domestic abuse to heal through various forms of creative arts.

Community Education — Encourages prevention and promotes awareness of the forms of domestic abuse through presentations at health fairs, businesses, schools, community events and organizations.

Domestic Violence Response Team — Provides training, supervision, and guidance to teams of community volunteers who speak to victims immediately following a domestic violence incident at the local police station or hospital.

Domestic Violence Liaison Program — Provides on-site case consultation, support and advocacy at area Division of Child Protection and Permanency offices for non-offending parents who are victims of domestic violence.
